## BAG END YOKES

## DESCRIPTION

Our Yokes utilize fixed width mounting arms with open slotted attachment points to allow the loudspeaker to be easily and quickly installed by a single installer. The Bag End Yoke Kit reliably adapts to most any installation environment providing a convenient good looking installation.

Our mounting hole pattern allows the Yoke to be attached to walls, ceilings, balcony overhangs, trusses, bars, beams, threaded rods and cable assemblies. The loudspeaker may be rotated within the arms of the U-bracket to aim in the desired direction and then locked into that position.

Isolation gaskets are included to isolate sound vibrations from walls, ceilings, and to protect speaker finishes.

## MOUNTING OPTIONS

Full Range Loudspeaker with Yoke assembly attached, shown with threaded rod (not included).

## SPECIFICATIONS

## Material:

Alloy steel plate

## Finish:

Powder coat paint

## Color:

Black

## Working Load:

60 lbs. max

## Design Factor:

5:1 ratio

Hardware Kit:
Hardware varies by model, It includes $5 / 16^{\prime \prime}$ bolts and rubber spacers for installation.
