

# PRIVATE EVENTS/RENTALS

## Front Of House

4 - BAG END IPD12E-I's

eTown Hall is a multipurpose, multimedia center in the heart of downtown Boulder that is home to eTown's world-class live music venue, full service recording studio, post production audio and video suites, café & bar – plus a community kitchen and dining area. True to eTown's 23-year commitment to environmental education and "doing the right thing," this first-class facility, converted from an old church, is quite possibly the greenest music and media center in Colorado.
